AmeriCorps VISTA Listing
May 18, 2015

The Indiana Commission for Higher Education's Indiana AmeriCorps VISTA program engages volunteers in full-time AmeriCorps service. Each VISTA member will make a year-long, full-time commitment to serve at a regionally-based Education Service Center on behalf of the Commission. In return for their service, AmeriCorps VISTA members will receive a modest living allowance of $11,600 (pre-tax) and health benefits during their service, and have the option of receiving a Segal AmeriCorps Education Award of up to $5,645 or post-service stipend after completing their service.

The purpose of the VISTA initiative is to increase college and career readiness and success rates of Hoosier students across the state. Indiana VISTAs will play a critical role in addressing the education and career needs of each region by building the training and programming capacity supporting college and career readiness and success. Indiana VISTAs will be placed regionally and will be responsible for developing and implementing college and career curriculum and trainings for school administrators, teachers, guidance counselors and community partners. The Indiana VISTA project will focus on three primary capacity building activities: Curriculum Development, Partnership Development and Training and Technical Assistance. Click here to learn more and apply today!

AmeriCorps VISTA
About 8,000 VISTAs are placed each year in more than 1,100 projects in low-income communities around the country. AmeriCorps VISTA members live and serve to address our nation's most critical poverty needs. With passion, commitment, and hard work, VISTAs create or expand programs designed to bring individuals and communities out of poverty. Indiana VISTA members play an important role in making a difference in the lives of others, while gaining valuable civic and workforce skills. Through participation, VISTA members become a part of the AmeriCorps national service network of improving lives and strengthening communities. Members gain valuable professional and educational benefits that have a lasting impact on the members and the communities they serve. To learn more, visit http://www.americorps.gov/vista.
